## about mentice

Mentice is the world leader in software and hardware simulation solutions for endovascular therapies. Our solutions help healthcare professionals acquire, retain, and enhance their procedural skills driving improved productivity and outcomes. Mentice solutions are scientifically validated and have been specifically developed for healthcare providers and the medical device industry. Neurovascular, cardiovascular and peripheral interventions are just some of the clinical areas covered by our solutions. Learn more about the features and benefits of Mentice solutions at [www.mentice.com](http://www.mentice.com).

### 20+

years of experience pioneering interventional simulation.

### >50%

of global market share in endovascular simulation solutions.

### 49+

medical simulation patents across more than 30 different training procedures.

### 140+

Mentice related scientific papers reinforcing the value of simulation in skills acquisition, retention and assessment.

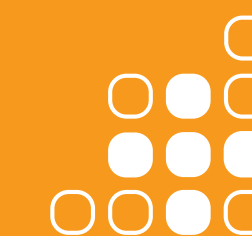

**Mentice AB** (Global Headquarters)  
Odinsgatan 10  
SE-411 03 Gothenburg, Sweden

# mentice

## The endovascular performance company.

# VIST® solutions.

**VIST® G5**  
A portable high-fidelity simulator with advanced tracking and force feedback.

**VIST® Lab**  
The optimal solution for realistic workflow and team training.

**VIST® Radiation Safety**  
A portable solution that creates dose awareness and learning to work according to ALARA principles.

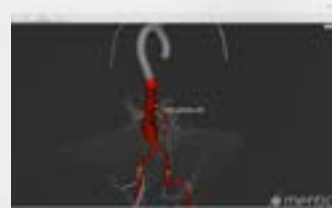

**VIST® Handle Trainer**  
A wireless handle optimized for TAVI, EVAR, and TEVAR procedural training.

**VIST® TEE Trainer**  
The ideal tool for preparation of industry field staff, interventional cardiologists and echocardiographers.

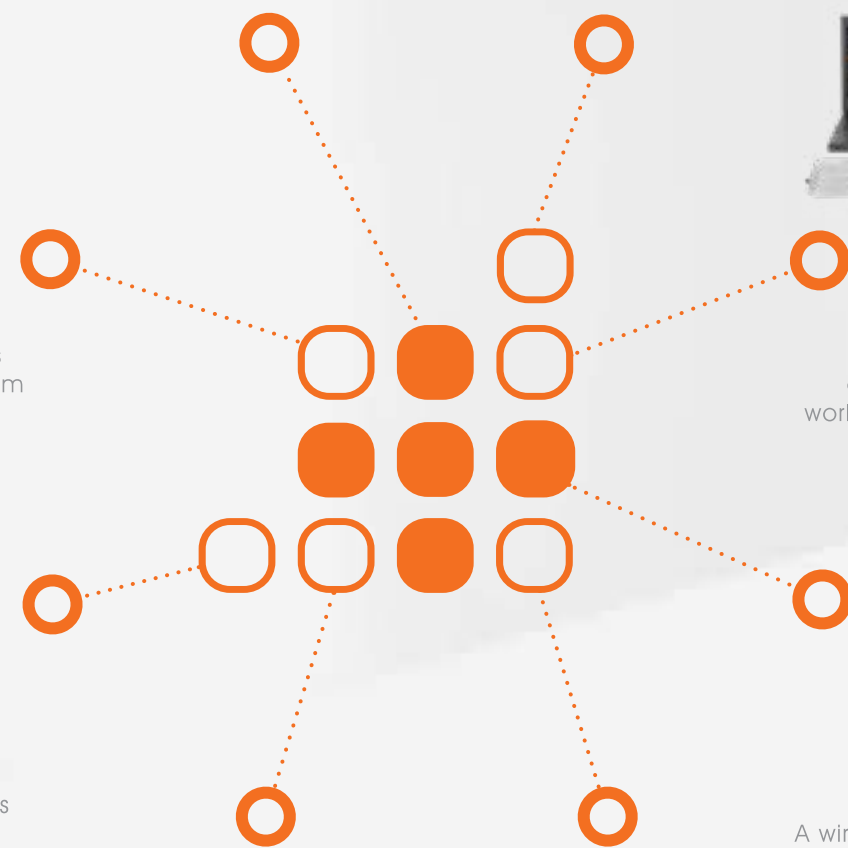

**SimMan® Vascular**  
A unique team training solution that integrates Laerdal's SimMan® with Mentice technology.

**VIST® Case-It**  
A unique solution that creates a Mentice simulation case from existing patient anatomies.

**VIST® LMS**  
A benchmarking and analytics solution allowing for objective capture of metrics.

## Electrophysiology

- Cardiac Rhythm Management
- Transseptal Puncture

## Structural Heart

- Aortic Valve Implantation
- Atrial Septal Defect & Patent Foramen Ovale Occlusion
- Left Atrial Appendage Occlusion

## Peripheral

- Below-the-knee Intervention
- Iliac/SFA Intervention
- Peripheral Angiography
- Renal Denervation
- Renal Intervention

## Trauma

- Vascular Trauma Management

## Embolotherapy

- Prostatic Artery Embolization
- Transarterial Chemoembolization
- Uterine Artery Embolization

## Neuro

- Acute Ischemic Stroke Intervention
- Carotid Intervention
- Neurovascular Intervention

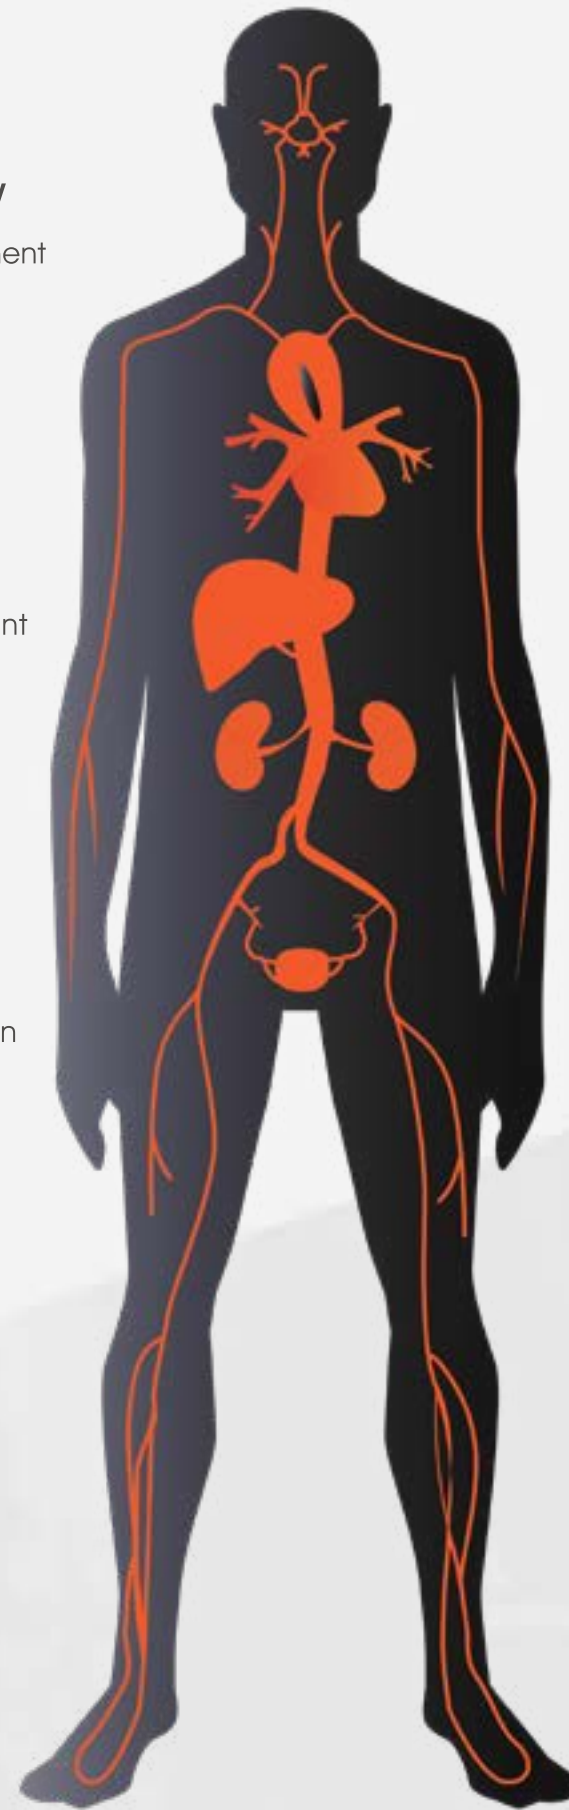

## Coronary

- Coronary Angiography
- Coronary PRO

## Aortic

- Endovascular Aortic Repair
- Thoracic Endovascular Aortic Repair
